FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Public Safety** assume the proposal would not fiscally impact their agency.

Officials from the **Office of the State Courts Administrator** assume the proposal would not fiscally impact the courts.

Officials from the **Office of the State Public Defender (SPD)** state while the number of new cases (or cases with increased penalties) may be too few or uncertain to request additional funding for this specific bill, the SPD will continue to request sufficient appropriations to provide competent and effective representation in all its cases.

Officials from the **Office of Prosecution Services (OPS)** assume this proposal would have a positive direct fiscal impact on county prosecutors and the OPS by providing funding for the training of prosecuting and circuit attorneys as well as their assistant prosecuting and circuit attorneys, and purchase necessary equipment, supplies, and services. OPS is not aware of any estimates as to the amount of money will potentially be available for the training, equipment, supplies and services envisioned in this legislation and is therefore unable to quantify the extent of this positive fiscal impact.

Oversight assumes this proposal just expands the options which the grant money handed down from the Department of Public Safety (DPS) may be utilized, and that it will not directly result in additional moneys being granted by DPS. Oversight assumes the proposal will not fiscally impact the state. The approved budget amount for FY 2008 for this program is \$1.4 million, of which \$1 million is core, with two one-time expenditure appropriations of \$150,000 and \$250,000. The DPS budget request for FY 2009 is \$1 million, with the total Governor's recommendation equaling \$1.5 million.
